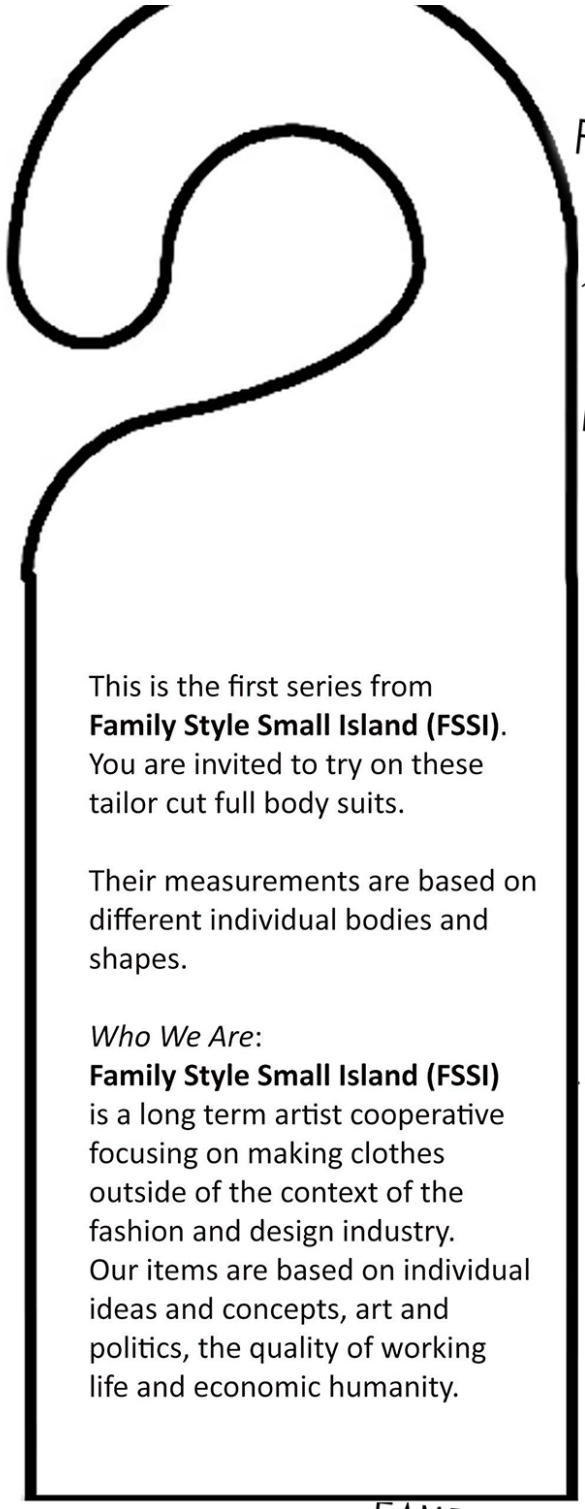
&
FSSI



This is the first series from **Family Style Small Island (FSSI)**. You are invited to try on these tailor cut full body suits.

Their measurements are based on different individual bodies and shapes.

Who We Are:
Family Style Small Island (FSSI) is a long term artist cooperative focusing on making clothes outside of the context of the fashion and design industry. Our items are based on individual ideas and concepts, art and politics, the quality of working life and economic humanity.
